CUSTOMIZED SERVICES

A. HEALTH AND SAFETY

Framinia Services supports productions by providing all the necessary activities intended to guarantee the compliance with the current European and Middle East H&S regulations. Our safety advisors can assist your company by performing the following activities:

- Technical scouting attendance
- Risk Assessment, both general and daily
- Set supervision (H&S Officers/Consultants)
- Production Safety Compliance Audits

Technical scouting:

Our advisers attend tech-scouts in order to identify and analyze the possible environmental risks, to ensure - during the shooting - a safer environment through the application of appropriate preventive and protective measures.

Risk Assessment:

Framinia Services advisors are fully qualified to support productions with General and Specific Risk Assessments, through an easily legible and understandable standard document, which involves the whole crew.

Production on site support:

Through the daily on-site support of our advisors, we help you during pre-production and shooting to fulfil safety obligations while the crew is working.

Production Compliance Safety Audits:

The company carries out audits to meet the individual production's service specific application and may include:

- Compliance to Risk Assessment and the use of PPE
- Commitment, policies and objectives
- Contractors suitability

Every audit is prepared to suit the individual needs of each client's application.

B. ENVIRONMENTAL

Framinia Services supports Productions by providing all the necessary activities to ensure their eco-sustainability.

Our consultants will plan and identify the sustainability criteria to be adopted in order to minimize the environmental impact, without slowing down the work of the crew involved.

C. MEDICAL COVERAGE

Framinia Services proposes its qualified and referenced services in Occupational Medicine, by guaranteeing the appointment of an Occupational health physician and the performance of all the applicable Health Surveillance tasks required to safeguard the employees.

D. SAFETY ON CONSTRUCTION SITES

Framinia Services offers the consultancy of its Specialist on Construction Site Safety. Our Specialists are qualified for:

- Assisting and advising on all aspects of health and safety throughout the site.
- Promoting best practice health and safety over the site and promote a positive safety culture.
- Investigating possible accidents and near misses.
- Undertaking site inductions and engaging with subcontractors.

E. FIRE-FIGHTING

Framinia Services offers its proven experience in the industrial sector through its qualified fire-fighting experts.

Our experts can fulfil production safety obligations with fire risk assessments, evacuation planning, fire coverage and equipment.

F. HACCP

We verify that Catering Companies operating on set or during events implement a food safety management system based on HACCP and undergo rigorous inspections to ensure they are operating to the highest standards of food hygiene and HACCP.

G. TRAINING

Our Company is ISO 9001 and ISO 45001 certified to design and consult on Health & Safety services and related Training.

All our consultants are skilled Occupational Health & Safety trainers specialized in several sectors of activity and able to deliver complete training courses addressed to workers engaged in all the main risk branches.

Our catalogue of courses:

- HEALTH AND SAFETY AT THE WORKPLACE
- SAFE MANAGEMENT OF PRODUCTIONS
- FIRE PREVENTION/FIGHTING TEAM MEMBER
- FIRST AID
- HACCP
- COURSE FOR THE EMPLOYEE ON THE BIOLOGICAL RISK-COVID MANAGER
- COVID-19 ANTI-CONTAGION PROTOCOL
- RIESGO COVID-19 AUDIOVISUAL (Spanish legislation)
- COVID-19 DANS LE PRODUCTIONS AUDIOVISUELLES (French legislation)

The following specific courses are also available on request:

- HEALTH AND SAFETY FOR LOCATION MANAGERS
- SAFE MANAGEMENT OF STUNTS/SFX COORDINATOR
- SAFE MANAGEMENT OF LIVE EVENTS
- SAFE MANAGEMENT OF STUDIOS (TV AND FILM)

We host courses at our offices, but also as on-site training.

Our qualified health and safety instructors will deliver the theory and the practical skills to equip production staff with the knowledge and skills to stay safe under any circumstance. Our e-learning courses are delivered through a specific IT platform and are divided into thematic areas.

For training courses in the field of health and safety at work, the platform provides a continuous and mandatory interactivity between the teaching platform and the user of the course, as required by the agreements State-Region of 21.12.11 and the issuance of the certificate following the passing of the test of verification of learning.
